

V06 AI Sport Camera Glasses Specification

1.>Basic Functions

Take Video、 Take photo、 Recording voice、 Music playback、 Voice call、 OTA update、 Prompt tone、 APP、 Built-in storage、 Internal connection large model、 AI object recognition、 AI dialogue、 AI voice wake-up、 Translation、 Video anti-shake、 ENC noise reduction

2.>Appearance Features

Camera、 Physical buttons、 Sliding touch area、 Dual speakers、 Indicator lights、 Magnetic charging

Basic Functions:

- Video recording
- Photo taking
- Audio recording
- Left/right physical buttons
- Indicator lights
- Sliding touch area on the right temple
- Music playback
- Voice call (built-in microphone)
- OTA update
- Storage (2G)
- ENC dual-mic noise reduction
- AI object recognition
- AI dialogue
- AI voice wake-up
- Adjustable tail

Specification Parameters

Specification Parameters :		Content:
Hardware Parameters	Chip	JL7018F+ Allwinner V821
	Bluetooth Name	V06
	Bluetooth Version	V5.3
	WIFI	V821/WiFi 4
	Bluetooth Distance	More than 12m
	Speaker Specification	2 high-fidelity bass speakers Specification: 1012 Power: 0.7W/6Ω
	MIC	Dual silicon mic noise reduction
	Photo	32MP resolution / Aspect ratio 4:3
	Video	1200P 30fps; avi format; WIFI transmission; Aspect ratio 4:3
	Sensor	6-axis sensor Gsensor / Supports anti-shake algorithm
	Storage	SD NAND chip / 2G
	Battery	Wired / Compatible with high and low voltage, 3C fast charge, 260mAh/3.85V
	Charging Method	2-pin magnetic charging
	Indicator Lights	Camera indicator light / Charging indicator light
	LED Flash	1 piece, Size 2.1MMX1.5MM
	Charging Time	65 minutes
	Standby Time	4-7 days
	Call Duration	5 hours
	Maximum Single Video Recording Duration	12 minutes
	Music Playback Duration	5 hours
Waterproof level	IP54	

Basic Functions

Specification Parameters:		Content:
Basic Functions	Video Recording	1. 1200P 30fps, automatic segmental saving to Nand Flash; 2. Video format: Encoding H.264, Packaging avi; 3. One-key video recording; 4. Video content supports App transmission and anti-shake algorithm; 5. Supports WIFI transmission
	Photo Taking	1. One-key photo taking; 2. Image content, 32MP photo resolution, supports WIFI transmission
	Audio Recording	1. One-key audio recording; 2. Audio format: wav; 3. Supports WIFI transmission
	OTA Update	Perform OTA update by connecting to App via Bluetooth
	Music Playback	Supports Bluetooth music push from mainstream mobile phones such as iPhone/Android/HarmonyOS
	Voice Call	1. When there is an incoming call, short press once to answer / Short press once to hang up during the call (physical button); 2. When there is an incoming call, long press for three seconds to reject the call (physical button)
	AI Functions	Domestic Doubao / Overseas ChatGPT 1. AI Image Recognition 2. AI Dialogue 3. Translation (Microsoft)
	Prompt Tone	Power on/off prompt tone / Photo taking prompt tone / Video recording prompt tone
	Power On	Long press the right physical button for 2 seconds to power on
	Power Off	Long press the right button for 5 seconds to power off
	Pairing/Unpairing	1. Scan the QR code to download the App; 2. Bluetooth search; 3. Automatic reconnection;
	AI Voice Assistant	Voice call "HeyCyan" to wake up the glasses' AI voice assistant
Storage	Built-in storage 2G	

Basic Functions

Specification Parameters:		Content:
Button Functions	Left Physical Button	Bluetooth connected state after power on: Short press once to wake up the AI voice assistant
		Power on state: Short press twice to start audio recording, short press once again to stop and save during recording
	Right Physical Button	Long press for 2S to power on, long press for 5S to power off, long press for 10S to restore factory settings / Enter automatic pairing state, long press for 16S to force restart
		Power on state: Press once to take a photo
		Power on state: Short press twice to start video recording, short press once again to stop and save during recording
	Right Sliding Bar	Under music playback state and call state, slide the right sliding bar forward to increase volume
		Under music playback state and call state, slide the right sliding bar backward to decrease volume
		Under music playback state, single click the sliding bar to pause
		Under music pause state, single click the sliding bar to play
		Under music playback/pause state, double click the sliding bar to switch songs

Appearance & Material

Specification Parameters:		Content
Appearance/ Material	Frame Material	PC
	Temple Material	PC
	Lens Material	PC
Size/Weight	Net Weight	49.3g
	Package Weight	
	Glasses Size	
	Color Box Size	20*8*7cm
	Carton Size	50.5*37.5*22.5cm
	Quantity per Carton	30pcs
	Carton Weight	
Accessories	Smart Glasses	1pcs
	Glasses Case	1pcs
	Glasses Cloth	1 pcs
	Data Cable	1pcs
	User Manual	1 pcs

Sports Camera Glasses:

- Camera
- Indicator lights
- Physical buttons
- Touch area
- Dual speakers
- Magnetic charging
- Fashionable appearance
- Narrow temples
- Curved temple design
- Adjustable tail
